

## ARNICA + PAIN RELIEF CREAM

Fast Acting & Unscented

Helps relieve minor bruises, strains and sprains. Contains Arnica, Hypericum and Symphytum. Arnica is an old remedy famous for its ability to relieve pain from bruises, sprains, strains or any traumatic injury without an open wound. Hypericum is a nerve remedy used in the treatment of trauma to the nerves as well as to the fingers, toes and nails. Symphytum acts on joints and bones and is used to relieve injury to the sinews and tendons.
